For my heroic nephew, Steve Hoffman

Paul Bunyan was the largest, smartest, and strongest baby ever born in the state of Maine.

Even before he learned to talk, Paul showed an interest in the family logging business. He took the lumber wagon and wandered through the neighborhood collecting trees.

PETER BUNYAN
LOVE and LONDON

There were so many complaints about Paul's visits that his parents anchored his cradle in the harbor.

All was well until Paul started rocking the cradle and stirring up waves.

After his parents had paid for the damage, they decided to move to the backwoods where life would be more peaceful.*
